I am going to ask each team member to send me what they have now. I hope they will send it in the next week or so. But then I am always hopeful. If you say a month and I get it early we look better. I will be out of the office next Monday through Thursday. and probably not checking messages.

Thanks Sheila. I will send Sharmon a message explaining that we are assembling a bibliography and will send it out to all when we are done. Should I say in about a month?

I had asked each of the authors to provide a bibliography for the meeting but none did so. Phil - perhaps you can work with them to get current bibliographies and we can send them to all of the IGGT, not just Sharmon. Would be helpful for them to identify new references.

Hi Sharmin left me a message requesting that we send her our list of references that we are using in the assessment so that the State Agencies can see what we have and only send us material that we don't already have. Do we have a compiled bibliography yet? What do you suggest? Her phone number is 907-269-0880. To refresh your memory she is the State's coordination lead for all of its agency. She works in DNR.
